

City of Quinter

Stage 3 Water Restrictions in Effect

Outdoor watering is prohibited until maintenance and improvements to The City's reservoir are completed. **Absolutely NO OUTDOOR WATERING will be allowed during this time!**

- First Violation – Verbal Warning and Review of Restrictions
- Second Violation – Shut Off Water with a \$50.00 Reconnect Fee
- Third Violation – Shut Off Water with a \$50.00 Reconnect Fee and Additional \$100.00 Fine

The City will be making necessary improvements to our reservoir, to increase sufficiency and longevity of our water system. In order to begin, the reservoir will be drained on Sunday, May 21st.

Work is scheduled to begin on May 22nd and tentatively be completed May 24th.

During this time the reservoir will be empty, so we will implement Stage 3 water restrictions.

We are relying on the public's cooperation so we can complete this project as soon as possible.

Thank you for helping us make improvements to our great city!

****Please use this weekend (19th – 21st) to water your lawns, gardens, etc. as any outdoor watering will be prohibited while the reservoir is down.***
